

D.A.V. PUBLIC SCHOOL, EAST OF LONI ROAD, DELHI

Communication Letter-January, 2021

*“We will open the book. Its pages are blank.
We are going to put words on them ourselves.
The book is called Opportunity and its first chapter is New Year’s Day”.*
- Edith Pierce

Dear Parents

After having spent a special year together, in each other’s accord and coordination; it seems as we have discovered a whole new dimension of our subsistence. The bygone is an experience and the time to come is a treasure. May this treasure of 2021 be a bounty of health, heal and happiness. Happy New Year!

Students belong to school but this year turned out to be an unpredictable one and students belonged to their personal study table only. The academic session 2020-21 is almost to be over and it so happened that the students didn’t get to visit school even once. We sincerely hope that schools reopen and may our young minds be back to school at the earliest possible under all the requisite safety measures. Meanwhile staff members have been visiting school regularly or as and when required. The school is being sanitized and looks forward to receiving the guidelines from the competent authority regarding the reopening of schools for the upcoming practical exams of classes X and XII, Pre-Boards for classes VIII, X and XII and final term examinations of classes IX and XI.

When all this goes hand in hand, efforts of the teachers and the support of Management can’t be overlooked. Despite these untiring efforts teachers aren’t being given full salary. Financial crisis is still a difficult issue to handle. Parents are once again requested to pay the school fees on time and play their part dutifully. Yet, we hope that the way we have been taking toll of this pandemic and are on our way to get over this, we will soon be back to the premises and enjoy the blossom of 2021.

May this coming year be a streak of Midas, gaiety and full of safety for all our stakeholders.

With New Year wishes

Sameeksha
